# INDEPENDENT AUDITORS' REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

To: The shareholders of The Saudi British Bank (A Saudi Joint Stock Company)

#### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of The Saudi British Bank ("the Bank") and its subsidiaries (collectively referred to as "the Group") as at 30 June 2022, and the related interim condensed consolidated statements of income and comprehensive income for the three and six month periods then ended, and the related interim condensed consolidated statements of changes in equity and cash flows for the six month period then ended, and other explanatory notes (collectively referred to as "the interim condensed consolidated financial statements"). Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with the International Accounting Standard 34: Interim Financial Reporting ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

#### Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410: Review of Interim Financial Information Performed by the Independent Auditor of the Entity as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

#### Other regulatory matters

As required by the Saudi Central Bank ("SAMA"), certain capital adequacy information has been disclosed in note 21 to the accompanying interim condensed consolidated financial statements. As part of our review, we compared the information in note 21 to the relevant analysis prepared by the Bank for its submission to SAMA and found no material inconsistencies.

## Notes to the interim condensed consolidated financial statements

For the six month period ended 30 June 2022

#### 1. General

The Saudi British Bank ('SABB') is a Saudi joint stock company incorporated in the Kingdom of Saudi Arabia and was established by a Royal Decree No. M/4 dated 12 Safar 1398H (21 January 1978). SABB formally commenced business on 26 Rajab 1398H (1 July 1978) by taking over of the operations of The British Bank of the Middle East in the Kingdom of Saudi Arabia. SABB operates under Commercial Registration No. 1010025779 dated 22 Dhul Qadah 1399H (13 October 1979) as a commercial bank through a network of 108 branches (31 December 2021: 108 branches) in the Kingdom of Saudi Arabia. The address of SABB's head office is as follows:

The Saudi British Bank P.O. Box 9084 Riyadh 11413 Kingdom of Saudi Arabia

The objectives of SABB are to provide a range of banking services. SABB also provides Shariah-compliant products, which are approved and supervised by an independent Shari'ah Committee established by SABB.

SABB has 100% (31 December 2021: 100%) ownership interest in a subsidiary, SABB Insurance Agency Limited ("SIAL"), a limited liability company incorporated in the Kingdom of Saudi Arabia under commercial registration No. 1010235187 dated 18 Jumada II 1428H (3 July 2007) (the company is currently under liquidation). SABB holds 98% of its interest in SIAL directly and 2% indirect ownership interest through another subsidiary ("Arabian Real Estate Company Limited") incorporated in the Kingdom of Saudi Arabia. SIAL's principal activity is to act as an exclusive insurance agent for SABB Takaful Company ("SABB Takaful") (also a subsidiary company of SABB) within the Kingdom of Saudi Arabia.

SABB has 100% (31 December 2021: 100%) ownership interest in a subsidiary, Arabian Real Estate Company Limited ("ARECO"), a limited liability company incorporated in the Kingdom of Saudi Arabia under commercial registration No. 1010188350 dated 12 Jumada I 1424H (12 July 2003). ARECO is engaged in the purchase, sale and lease of land and real estate for investment purposes.

SABB has 100% (31 December 2021: 100%) directly held ownership interest in a subsidiary, SABB Markets Limited ("SABB Markets"), a limited liability company incorporated in the Cayman Islands under commercial registration No 323083 dated 21 Shaban 1438h (17 May 2017). SABB Markets is engaged in derivatives trading and repo activities.

SABB has 65% (31 December 2021: 65%) directly held ownership interest in a subsidiary, SABB Takaful, a joint stock company incorporated in the Kingdom of Saudi Arabia under commercial registration No. 1010234032 dated 20 Jumada Awal 1428H (6 June 2007). SABB Takaful's principal activity is to engage in Shariah compliant insurance activities and to offer family and general Takaful products to individuals and corporates in the Kingdom of Saudi Arabia. SABB Takaful announced the signing of a binding merger agreement with Walaa Cooperative Insurance Company ("Walaa") on 27 February 2022. SABB Takaful will continue to announce any material developments regarding the proposed merger in accordance with the relevant laws and regulations. The details of the transaction and disclosures relating to SABB Takaful merger agreement are disclosed further in note 25 to these interim condensed consolidated financial statements.

SABB has 100% (31 December 2021: 100%) directly held ownership interest in a subsidiary, Alawwal Invest ("AI"), a closed joint stock company incorporated in the Kingdom of Saudi Arabia under commercial registration No.1010242378 dated 30 Dhul Hijjah 1428H (9 January 2008). Alawwal Invest was formed and licensed as a capital market institution in accordance with the CMA's Resolution No. 1 39 2007. Alawwal Invest's principal activity is to engage in security activities regulated by the CMA related to dealing, managing, arranging, advising, and taking custody of securities. Al has entered into an agreement to acquire HSBC Saudi Arabia's Asset Management, Retail Brokerage and Retail Margin Lending businesses. The transfer is expected to be completed during 2022.

SABB has 100% (31 December 2021: 100%) directly held ownership interest in a subsidiary, Alawwal Real Estate Company ("AREC"), a limited liability company incorporated in the Kingdom of Saudi Arabia under commercial registration No. 1010250772 dated 21 Jumada I 1429H (26 May 2008). AREC's principal activity is the registration of real estate assets under its name which are received by the Bank from its borrowers as collaterals and to hold and manage collateral on behalf of SABB.

#### Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

SABB has 49% (31 December 2021: 49%) directly held ownership interest in HSBC Saudi Arabia an associate, a closed joint stock company incorporated in the Kingdom of Saudi Arabia under commercial registration No. 1010221555 dated 27 Jumada Al-Akhirah 1427H (23 July 2006). HSBC Saudi Arabia was formed and licensed as a capital market institution in accordance with the Resolution No. 37-05008 of the CMA dated 05/12/1426H corresponding to 05/01/2006G. HSBC Saudi Arabia's principal activity is to engage in the full range of securities activities regulated by the CMA related to dealing, managing, arranging, advising, and taking custody of securities. HSBC Saudi Arabia is an associate of SABB with HSBC Asia Holdings B.V. a related party and shareholder in SABB. The main activities of HSBC Saudi Arabia are to provide a full range of investment banking services including investment banking advisory, brokerage, debt, and project finance. It also manages mutual funds and discretionary portfolios. HSBC Saudi Arabia has entered into an agreement to transfer its Asset Management, Retail Brokerage and Retail Margin Lending businesses to Al. The transfer is expected to be completed during 2022.

SABB has participated in the following three structured entities for the purpose of effecting syndicated loan transactions in the Kingdom of Saudi Arabia and securing collateral rights over specific assets of the borrowers of those facilities under Islamic financing structures. These entities have no other business operations.

- 1. Saudi Kayan Assets Leasing Company.
- 2. Rabigh Asset Leasing Company.
- 3. Yanbu Asset Leasing Company.

SABB directly owns a 50% (31 December 2021: 50%) share in Saudi Kayan Assets Leasing Company and Rabigh Asset Leasing Company (the Company is currently under liquidation) and directly owns a 100% (31 December 2021: 100%) share in Yanbu Asset Leasing Company (the company is currently under liquidation) as a result of SABB's merger with Alawwal Bank (AAB) in June 2019. SABB does not consolidate these entities as it does not have the right to variable returns from its involvement with the entities or ability to affect those returns through its power over the entities excluding Yanbu Asset Leasing Company. The related underlying funding to the relevant borrowers is recorded on SABB's consolidated statement of financial position.

#### 2. Basis of preparation

The interim condensed consolidated financial statements of the Group as at and for the period ended 30 June 2022 have been prepared in accordance with International Accounting Standard (IAS) 34 "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organisation for Chartered and Professional Accountants ("SOCPA"). The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with Group's annual consolidated financial statements as at 31 December 2021.

SABB presents its interim condensed consolidated statement of financial position in the order of liquidity.

Financial assets and financial liabilities are offset and the net amount reported in the interim condensed consolidated statement of financial position only when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. Income and expenses are not offset in the interim condensed consolidated statement of income unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies of SABB.

These interim condensed consolidated financial statements are expressed in Saudi Arabian Riyals (SAR) and are rounded off to the nearest thousands, except where otherwise indicated.

#### Use of estimates and judgements

The preparation of these interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. There were no changes in the current period to the critical accounting estimates and judgements that were applied on 31 December 2021, except for the below.

#### Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

During the period, the estimated total useful lives of certain property, equipment and intangible assets were revised as follows:

For the year ended 31 December,	Estimated Useful life before change	Estimated useful life after change
Buildings	33 years	40 years
Equipment, furniture, and vehicles*	3 to 10 years	3 to 10 years
*Useful lives of equipment and furniture were revised however remained within the overall depreciation rates range.		

The estimated net effect of the changes during the period ended 30 June 2022 was a decrease in depreciation / amortisation expense of SAR 46 million with a total expected impact of SAR 91 million for the full year 2022. Assuming the assets are held until the end of their estimated useful lives, depreciation / amortisation in 2023 in relation to these assets is estimated to decrease by SAR 40 million.

#### 3. Basis of consolidation

The interim condensed consolidated financial statements comprise the financial statements of SABB and its subsidiaries, as mentioned in note 1 (collectively referred to as "the Group"). The financial statements of the subsidiaries are prepared for the same reporting period as that of SABB, using consistent accounting policies, except for SABB Takaful and certain immaterial subsidiaries, where latest interim reviewed financial statements or latest annual audited financial statements, respectively have been used for consolidation purposes to meet the Group's reporting timetable.

Subsidiaries are entities which are directly or indirectly controlled by SABB. SABB controls an entity ("the Investee") over which it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Subsidiaries are consolidated from the date on which control is transferred to SABB and cease to be consolidated from the date on which the control is transferred from SABB.

Intra-group transactions and balances have been eliminated in preparing these interim condensed consolidated financial statements.

The Group acts as a Fund Manager to a number of investment funds. Determining whether the Group controls such an investment fund usually focuses on the assessment of the aggregate economic interests of the Group in the Fund (comprising any carried interests and expected management fees) and the investors' rights to remove the Fund Manager. As a result, the Group has concluded that it acts as an agent for the investors in all cases, and therefore has not consolidated these funds.

# 4. Significant accounting policies and impact of changes due to adoption of new standards

The accounting policies used in the preparation of these interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2021.

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Several amendments apply for the first time in 2022, but do not have an impact on the interim condensed consolidated financial statements of the Group.

# Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

The Following standards, interpretations or amendments are effective from the current year and are adopted by the Group, however, these do not have any impact on the interim condensed consolidated financial statements of the period unless otherwise stated below:

Accounting Standards, interpretations, amendments	Description	Effective date
A number of narrow-scope amendments to IFRS 3, IAS 16, IAS 37 and some annual improvements on IFRS 1, IFRS 9, IAS 41 and IFRS 16.	Amendments to IFRS 3, 'Business combinations' update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.	Annual periods beginning on or after 1 January 2022.
	Amendments to IAS 16, 'Property, plant and equipment' prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in statement of income.	
	Amendments to IAS 37, 'Provisions, contingent liabilities and contingent assets' specify which costs a company includes when assessing whether a contract will be loss-making.	
	Annual improvements make minor amendments to IFRS 1, 'First-time Adoption of IFRS', IFRS 9, 'Financial instruments', IAS 41, 'Agriculture' and the Illustrative Examples accompanying IFRS 16, 'Leases'.	

For the six month period ended 30 June 2022

## Accounting standards issued but not yet effective

The International Accounting Standard Board (IASB) has issued following accounting standards, amendments, which will become effective from periods beginning on or after 1 January 2023. The Group has opted not to early adopt these pronouncements and they do not have a significant impact on the interim condensed consolidated financial statements of the Group.

Accounting Standards, interpretations, amendments	Description	Effective date
Amendments to IAS 1, Presentation of financial statements', on classification of liabilities.	These narrow-scope amendments to IAS 1, 'Presentation of financial statements', clarify that liabilities are classified as either current or noncurrent, depending on the rights that exist at the end of the reporting period.  Classification is unaffected by the expectations of the entity or events after the reporting date (for example, the receipt of a waiver or a breach of covenant). The amendment also clarifies what IAS 1 means when it refers to the 'settlement' of a liability.  Note that the IASB has issued a new exposure draft proposing changes to this amendment.	Deferred until accounting periods starting not earlier than 1 January 2024
Narrow scope amendments to IAS 1, Practice statement 2 and IAS 8.	The amendments aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.	Annual periods beginning on or after 1 January 2023
IFRS 17, 'Insurance contracts', as amended in June 2020.	This standard replaces IFRS 4, which currently permits a wide variety of practices in accounting for insurance contracts. IFRS 17 will fundamentally change the accounting by all entities that issue insurance contracts and investment contracts with discretionary participation features.	Annual periods beginning on or after 1 January 2023.
A narrow-scope amendment to the transition requirements in IFRS 17 Insurance Contracts.	The amendment relates to insurers' transition to the new Standard only—it does not affect any other requirements in IFRS 17.  IFRS 17 and IFRS 9 Financial Instruments have different transition requirements. For some insurers, these differences can cause temporary accounting mismatches between financial assets and insurance contract liabilities in the comparative information they present in their financial statements when applying IFRS 17 and IFRS 9 for the first time.  The amendment will help insurers to avoid these temporary accounting mismatches and, therefore, will improve the usefulness of comparative information for investors. It does this by providing insurers with an option for the presentation of comparative information about financial assets.	Annual periods beginning on or after 1 January 2023.

For the six month period ended 30 June 2022

#### 5. Cash and balances with SAMA

Provision for expected credit losses, net	(189,825)	(1,076,311)	(5,858,391)	(7,124,527)	
Loans and advances, net	1,826,484	35,390,346	124,227,175	161,444,005	

Lifetime ECL credit impaired includes non-performing loans and advances of SAR 4,132 million (31 December 2021: SAR 4,210 million). It also includes exposures that are now performing but have yet to complete a period of 12 months of performance ('the curing period') to be eligible to be upgraded to a not-impaired category.

The financial assets recorded in each stage have the following characteristics:

- 12 month ECL not credit impaired (stage 1): without significant increase in credit risk on which a 12 month allowance (or lower if the tenor of the facility is less than 12 months) for ECL is recognised;
- Lifetime ECL not credit impaired (stage 2): a significant increase in credit risk has been experienced since initial recognition on which a lifetime ECL is recognised;
- Lifetime ECL credit impaired (stage 3): objective evidence of impairment, and are therefore considered to be in default
  or otherwise credit impaired on which a lifetime ECL is recognised; and
- Purchased or originated credit impaired ('POCI'): purchased or originated at a deep discount that reflects the expected
  lifetime credit losses at time of purchase or origination. A lifetime ECL is recognised if further credit losses are expected.
  POCI includes non-performing loans and advances acquired through the merger with AAB that were recorded at fair
  value as of acquisition date.

The following table shows reconciliations from the opening to the closing balance of the provision for credit losses against loans and advances:

Disposal proceeds of assets during the year	-	79,894	-
Gain on disposal of assets	-	11,760	-
Balance assets classified as held for sale at 31 December 2021	-	-	-

On 14 July 2021, SABB announced its strategic direction with respect to its holding in WIC which involved a plan to dispose of its 20% shareholding in WIC. The associated assets were consequently reclassified as "Assets Classified as Held for Sale" and were disposed of during the fourth quarter of 2021.

# 10. Goodwill and other intangibles

Intangibles are comprised of the following:

			31 December	
		30 June 2022	2021	30 June 2021
	Note	(Unaudited)	(Audited)	(Unaudited)
Amounts arising from business combination with Alawwal Bank				
Goodwill		8,778,091	8,778,091	8,778,091
Other intangibles		1,553,369	1,631,407	1,709,446
Goodwill arising from acquisition of SABB Takaful	25	-	13,806	13,806
Software		348,927	317,507	301,396
Total		10,680,387	10,740,811	10,802,739

For the six month period ended 30 June 2022

#### Impairment testing of goodwill

The goodwill acquired through business combination is reviewed annually for impairment. However, at each reporting period, an assessment is made for indicators of impairment. If indicators exist, an impairment test is required. If performed, the impairment test compares the estimated recoverable amount of the Group's CGUs that carry goodwill, as determined through a Value-In-Use (VIU) model, with the carrying amount of net assets of each CGU.

As at 30 June 2022, no impairment indicators were identified. Therefore, no impairment test was performed.

#### 11. Derivatives

The table below sets out the positive and negative fair values of derivative financial instruments together with their notional amounts. The notional amounts, which provide an indication of the volumes of the transactions outstanding at the end of the period, do not necessarily reflect the amounts of future cash flows involved. These notional amounts, therefore, are neither indicative of the Group's exposure to credit risk, which is generally limited to the positive fair value of the derivatives, nor to market risk.

#### 13. Debt securities in issue

#### SAR 5 Billion 10 year Sukuk - 2020

SABB completed issuance of its SAR 5 billion Tier II Sukuk on 22 July 2020. The Sukuk issuance is under the Group's local Sukuk Programme (the "Local Programme") and is due in 2030, with SABB having an option to repay the Sukuk after 5 years, subject to prior approval of SAMA and terms and conditions of the Local Programme. The structure of the Sukuk was approved by SABB's Shari'ah committee. The Sukuk is unsecured and was offered by way of private placement in the Kingdom of Saudi Arabia carrying effective special commission income at six months' SAIBOR plus margin of 195 bps payable semi-annually.

# 14. Commitments and contingencies

#### a) Legal proceedings

There are no material outstanding legal matters against the Group.

## b) Credit related commitments and contingencies

Credit related commitments and contingencies are as follows:

30 June 2022 (Unaudited)	Stage 1	Stage 2	Stage 3	POCI	Total

## 15. Basic and diluted earnings / (losses) per share

Basic and diluted earnings / (losses) per share from continuing and discontinued operations for the periods ended 30 June 2021 are calculated by dividing the net income / (loss) after Zakat and income tax from continuing and discontinued operations for the periods by the weighted average number of shares 2,054,794,522 (June 2021: 2,054,794,522) outstanding during the periods.

#### Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

#### 16. Zakat and income tax

The Zakat base computed in accordance with the formula specified in the Zakat Regulations is also subject to thresholds for minimum and maximum liability. In addition, SABB is subject to pay corporate income tax to reflect the portion of the shareholder base that is non-Saudi. Corporate income tax is calculated at a rate of 20%, applied to the share of taxable income of the non-Saudi shareholders.

SABB has filed Zakat and Tax return for the year 2021. Zakat and tax assessments for 2019 and 2020 are still under ZATCA review. SABB tax assessments for the years from 2005 to 2018 have been finalized. AAB tax assessments for the years from 2007 to 2018 have been finalized. SABB has filed an appeal on the AAB tax assessments for the years from 2005 to 2006 which is currently pending with Tax Violation and Disputes Appellate Committee".

#### 17. Cash and cash equivalents

Cash and cash equivalents included in the interim condensed consolidated statement of cash flows comprise the following:

	30 June 2022 (Unaudited)	31 December 2021 (Audited)	30 June 2021 (Unaudited)
Cash and balances with SAMA excluding the statutory deposit	12,123,904	2,845,831	5,005,365
Due from banks and other financial institutions with an original maturity of three month or less from date of the acquisition	9,142,157	5,697,717	9,636,253
Total	21,266,061	8,543,548	14,641,618

#### 18. Operating segments

The Group's primary business is conducted in the Kingdom of Saudi Arabia. Transactions between the operating segments are on normal commercial terms and conditions. Segment assets and liabilities comprise operating assets and liabilities, being the majority of the balance.

The Group's reportable segments are as follows:

#### Retail Banking

Caters mainly to the banking requirements of personal and private banking customers.

#### **Corporate and Institutional Banking**

Caters mainly to the banking requirements of corporate and institutional banking customers.

#### Treasury

Manages the Group's liquidity, currency and special commission rate risks. It is also responsible for funding the Group's operations and managing the Group's investment portfolio and liquidity position.

#### **Others**

Includes activities of the Group's investment in its insurance subsidiary and an associate, SABB Takaful, HSBC Saudi Arabia, as well as a subsidiary for investment banking and brokerage, Alawwal Invest, equity investments, and merger-related expenses. It also includes elimination of inter-group income and expense items.

Transactions between the operating segments are reported as per by the Group's transfer pricing policy.

The Group's total assets and liabilities as at 30 June 2022 and 30 June 2021, its total operating income and expenses, and the results for the periods then ended, by operating segment, are as follows:

#### Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

#### 19. Financial risk management

#### **Credit Risk**

The Board of Directors is responsible for the overall risk management approach within SABB and for reviewing its effectiveness.

The Board's designated committee for risk matters is the Board Risk Committee which approves and provides oversight for the Group's risk framework, plans and performance targets, which include the establishment of risk appetite statements, risk management strategies, the appointment of senior officers, the delegation of authorities for credit and other risks and the establishment of effective control procedures.

The Group manages exposure to credit risk, which is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Credit exposures arise principally in lending activities that lead to loans and advances, and investment activities. There is also credit risk on credit related commitments and contingencies and derivatives. The Group assesses the probability of default of counterparties using internal rating tools. The Group also uses external ratings, of major rating agencies, where available.

The Group attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties, and continually assessing the creditworthiness of counterparties. The Group's risk management policies are designed to identify and to set appropriate risk limits and to monitor the risks and adherence to limits. Actual exposures against limits are monitored daily. In addition to monitoring credit limits, the Group manages the credit exposure relating to its trading activities by entering into master netting agreements and collateral arrangements with counterparties in appropriate circumstances and limiting the duration of exposure. In certain cases, the Group may also close out transactions to mitigate credit risk. The Group's credit risk for derivatives represents the potential cost to replace the derivative contracts if counterparties fail to fulfil their obligation. To control the level of credit risk taken, the Group assesses counterparties using the same techniques as for its lending activities. Concentrations of credit risk arise when a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting a particular industry or geographical location. The Group seeks to manage its credit risk exposure through diversification of lending activities to ensure that there is no undue concentration of risks with individuals or groups of customers in specific locations or market sectors. It also takes security when appropriate. The Group also seeks additional collateral, where possible, from the counterparty as soon as impairment indicators are noticed for the relevant individual loans and advances.

Management monitors the market value of collateral and requests additional collateral in accordance with the underlying agreements.

#### a. Provision for expected credit losses, net

The following table shows the provision for expected credit losses for due from banks and other financial institutions, investments, loans and advances and on loan commitments and financial guarantee contracts:

	Notes	30 June 2022 (Unaudited)	30 June 2021 (Unaudited)
Net provision for expected credit losses:			
Due from banks and other financial institutions, net	6	657	(2,039)
Investments	7	4,522	2,699
Loans and advances, net	8	(514,065)	48,784
Loan commitments and financial guarantee contracts	14	(115,448)	(123,055)
Write-offs net of recoveries		428,656	46,365
Net charge for the period		(195,678)	(27,246)

#### Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

#### b. Collateral

The Group in the ordinary course of lending activities holds collaterals as security to mitigate credit risk in the loans and advances. These collaterals mostly include time, demand, and other cash deposits, financial guarantees, local and international equities, real estate and other fixed assets. The collateral is held mainly against commercial and consumer loans and are managed against relevant exposures at their net realizable values. For financial assets that are credit impaired at the reporting period, quantitative information about the collateral held as security is needed to the extent that such collateral mitigates credit risk.

#### 20. Fair values of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or the most advantageous) market between market participants at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Consequently, differences can arise between the carrying values and fair value estimates. The fair values of recognised financial instruments are not materially different from their carrying values.

#### Determination of fair value and fair value hierarchy:

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments:

- Level 1: quoted prices in active markets for the same instrument (e.g, without modification or repacking);
- Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data; and
- Level 3: valuation techniques for which any significant input is not based on observable market data.

30 June 2022 (Unaudited)	Carrying value		Fair va	alue	
	value	Level 1	Level 2	Level 3	Total
Financial assets measured at fair value

Financial assets not measured at fair value					
Due from banks and other financial institutions	5,993,175	-	5,993,175	-	5,993,175
Investments held at amortised cost	44,830,365	-	44,821,665	-	44,821,665
Loans and advances	167,556,478	-	-	164,862,626	164,862,626
Financial liabilities measured at fair value					
Derivative financial instruments	1,514,592	-	1,514,592	-	1,514,592
Financial liabilities not measured at fair value					
Due to banks and other financial institutions	14,663,666	-	14,663,666	-	14,663,666
Customers deposits	186,760,612	-	186,754,288	-	186,754,288
Debt securities in issue	5,061,533	-	5,061,533	-	5,061,533

Derivatives classified as Level 2 comprise over the counter special commission rate swaps, currency swaps, special commission rate options, forward foreign exchange contracts, currency options and other derivative financial instruments. These derivatives are fair valued using the Group's proprietary valuation models that are based on discounted cash flow techniques. The data inputs to these models are based on observable market parameters relevant to the markets in which they are traded and are sourced from widely used market data service providers.

FVOCI investments classified as Level 2 include bonds for which market quotes are not available. These are fair valued using simple discounted cash flow techniques that use observable market data inputs for yield curves and credit spreads.

FVOCI investments classified as Level 3 include Private Equity Funds, the fair value of which is determined based on the fund's latest reported net assets value as at the reporting date. The movement in Level 3 financial instruments during the period relates to fair value and capital repayment movements only.

Fair values of listed investments are determined using bid marked prices. Fair values of unlisted investments are determined using valuation techniques that incorporate the prices and future earning streams of equivalent quoted securities.

Loans and advances are classified as Level 3, the fair value of which is determined by discounting future cash flows using risk adjusted expected SAIBOR rates.

The fair values of due from and due to banks and other financial institutions which are carried at amortised cost, are not significantly different from the carrying values included in the interim condensed consolidated financial statements, since these are short dated and the current market special commission rates for similar financial instruments are not significantly different from the contracted rates.

The fair values of demand deposits are approximated by their carrying value. For deposits with longer-term maturities, fair values are estimated using discounted cash flows, applying current rates offered for deposits of similar remaining maturities.

Debt securities in issue and borrowings are floating rate instruments that re-price within a year and accordingly, the fair value of this portfolio approximates the carrying value. The fair value of the remaining portfolio is not significantly different from its carrying value.

## Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

There were no transfers between the levels of fair value hierarchies during the period.

The values obtained from valuation models may be different from the transaction price of financial instruments on transaction date. The difference between the transaction price and the model value is commonly referred to as 'day one profit and loss'. It is either amortised over the life of the transaction or deferred until the instrument's fair value can be determined using market observable data or realized through disposal. Subsequent changes in fair value are recognized immediately in the interim condensed consolidated statement of income without reversal of deferred day one profits and losses. Valuation techniques include net present value and discounted cash flow models, and comparison with similar instruments for which market observable prices exist.

Assumptions and inputs used in valuation techniques include risk-free and benchmark interest rates, credit spreads and other premiums used in estimating discount rates, bond and equity prices and foreign currency exchange rates.

The Group uses widely recognized valuation models for determining the fair value of common and simpler financial instruments. Observable prices or model inputs are usually available in the market for listed debt and equity securities, exchange-traded derivatives and simple over-the-counter derivatives such as interest rate swaps. Availability of observable market prices and model inputs reduces the need for management judgment and estimation and also reduces the uncertainty associated with determining fair values. Availability of observable market prices and inputs varies depending on the products and markets and is prone to changes based on specific events and general conditions in the financial markets.

#### 21. Capital adequacy

The Group's objectives when managing capital are, to comply with the capital requirements set by SAMA; to safeguard the Group's ability to continue as a going concern; and to maintain a strong capital base.

The Group monitors the adequacy of its capital using the methodology and ratios established by SAMA. These ratios measure capital adequacy by comparing the Group's eligible capital with its assets, commitments and contingencies, and notional amounts of derivatives at a weighted amount to reflect their relative risk.

SAMA through its Circular Number 391000029731 dated 15 Rabi Al-Awwal 1439H (3 December 2017), which relates to the interim approach and transitional arrangements for the accounting allocations under IFRS 9, has directed banks that the initial impact on the capital adequacy ratio as a result of applying IFRS 9 shall be transitioned over five years.

As part of the latest SAMA guidance on Accounting and Regulatory Treatment of COVID-19 Extraordinary Support Measures, Banks are now allowed to add-back up to 100% of the transitional adjustment amount to Common Equity Tier 1 (CET1) for the full two-year period comprising 2020 and 2021 effective from 31 March 2021 financial statement reporting. Starting from 2022, the add-back amount will be then phased-out on a straight-line basis over the 3 years. The impact of these revised transitional arrangements to the Group's Tier 1 ratio have been an improvement of 38bps for the period ended 30 June 2022.

	30 June 2022 (Unaudited)	31 December 2021 (Audited)	30 June 2021 (Unaudited)

Tier I + Tier II ratio	20.71%	21.84%	22.25%

#### Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

#### 22. Deferred Payment Program ("DPP)

In response to COVID-19, SAMA launched the DPP in March 2020 to provide the necessary support to eligible (Stage 1 and Stage 2) Micro Small and Medium Enterprises ("MSME") as defined by SAMA via Circular No. 381000064902 dated 16 Jumada II 1438H. The payment reliefs were considered as short-term liquidity support to address borrowers' potential cash flow shortages. The accounting impact of the above changes in terms of the credit facilities were assessed and had been treated as per the requirements of IFRS 9 as modification in terms of arrangement. The DPP program has ended on March 31, 2022.

During the six month period ended June 30, 2022, SAR 4 million (June 30, 2021: SAR 81 million) has been recognized in the interim condensed consolidated statement of income with respect to the amortization of grant income on related deposits with an aggregate of SAR 17 million deferred grant income as at June 30, 2022 (December 31, 2021: SAR 21 million). During the three month period ended June 30, 2022, SAR 2 million (June 30, 2021: SAR 3 million) has been recognized in the interim condensed consolidated statement of income with respect to the amortization of grant income on related deposits. The Group continues to evaluate the current macroeconomic situation including the impact of the pandemic.

#### 23. Dividends

During the period ended 30 June 2022, SABB paid an interim dividend of SAR 702 million as approved by the Board of Directors, to the shareholders of the Group for the year 2021. This resulted in SAR 0.36 per share for Saudi shareholders, net of Zakat. The income tax of the foreign shareholders was deducted from their share of the dividends.

Subsequent to the period ended 30 June 2022, the Board of Directors has approved an interim dividend of SAR 1,130 million (2021: SAR 1,027) for distribution to the shareholders of the Group for the six month period ended 30 June 2022. This equates to SAR 0.55 per share for Saudi shareholders' net of Zakat (2021: SAR 0.50). The income tax of the foreign shareholders will be deducted from their share of the dividend.

#### 24. IBOR Transition (Interest Rate Benchmark Reforms)

A fundamental review and reform of major interest rate benchmarks is being undertaken globally. The International Accounting Standards Board ("IASB") has published, in two phases, amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 in order to address issues that might affect financial reporting after the reform of a profit rate benchmark, including the replacement of an existing Inter-bank Offer Rate ("IBOR") with an alternative Risk Free Rate ("RFR").

Management is running a project on the Group's overall transition activities and continues to engage with various stakeholders to support an orderly transition. The project is significant in terms of scale and complexity and will impact products, internal systems and processes. The Group has complied with the regulatory deadline of the LIBOR transition 31 December 2021 and is now offering products based on overnight SOFR, Term SOFR and Islamic SOFR.

The Group is also exposed to the effects of USD LIBOR reform on its financial assets and liabilities. The Group has no exposure to any other LIBOR rates.

#### 25. Held for sale and discontinued operations

Financial instruments can be reclassified as held for sale if they are non-current assets or if they are part of a disposal group. Non-current assets are classified as held for sale and measured at the lower of their carrying amount and fair value less cost to sell when: a) Their carrying amounts will be recovered principally through sale; b) They are available for immediate sale in their present condition; and c) Their sale is highly probable. Immediately before the initial classification as held for sale, the carrying amounts of the assets are measured in accordance with the applicable accounting policies related to the asset or liability before reclassification as held for sale.

#### Notes to the interim condensed consolidated financial statements (continued)

For the six month period ended 30 June 2022

The assets below have been presented as held for sale following the approval of Group management, and the transactions are expected to complete during the current year.

	Note	30 June 2022	31 December 2021
Loans and advances, net	25 (a)	274,931	-
Investments in a subsidiary	25 (b)	1,030,523	-
Total		1,305,454	-

#### 25 (a) - Loans and advances

During the period, the Group entered into an agreement with a related party to dispose of loans and advances with gross amount of SAR 1,275 million and expected credit losses of SAR 1,000 million, resulting in a net amount of SAR 275 million against an agreed cash consideration of SAR 290 million. The settlement of the loan is expected during 2022 following completion of the legal documentation.

#### 25 (b) - Investments in a Subsidiary

During the period SABB Takaful has announced that it has signed a binding merger agreement with Walaa on 24 February 2022 to merge through a share swap transaction, whereby Walaa shall issue 0.60 shares against each issued share in SABB Takaful to the benefit of eligible shareholders of SABB Takaful and as consideration for the transfer of assets and liabilities of SABB Takaful. Upon completion of the Merger Transaction, Walaa shall become, by operation of law, the legal successor of the assets, liabilities, rights and obligations of SABB Takaful and SABB Takaful shall cease to exist and Walaa will increase its share capital by issuing 20,418,619 shares of SAR 10 per share to SABB Takaful's eligible shareholders based on the exchange ratio. The value of Walaa's share capital will accordingly become SAR 850,583,250 divided into 85,058,325 shares, out of which 20,418,619 shares, 24.01% will be held by the SABB Takaful shareholders. The merger transaction is subject to shareholders' and regulatory approvals.

Summarised statement of financial position of SABB Takaful consolidated, after intragroup adjustments, in SABB's interim condensed consolidated financial statements as at 30 June 2022, based on SABB Takaful's financial statements as at 31 March 2022 is as below:

	31 March 2022
Disposal group assets	
Due from banks and other financial institutions	210,811
Investments, net	621,889
Goodwill 10	13,806
Other assets	184,017
Total assets held for sale	1,030,523
Liabilities directly associated with assets classified as held for sale	
Other liabilities	805,178
Total liabilities directly associated with assets classified as held for sale	805,178

Fair value of the disposal group at 30 June 2022 amounted to SAR 267 million against the book value of SAR 305 million. The management believes that the fair value of the disposal group is not significantly different from the carrying values included in these interim condensed consolidated financial statements.
